

# SUGAR MAPLE

(*Acer saccharum*)

Bruce Marlin

Is sugar maple right for you?

60-75 ft tall, 40-50 ft wide

## Key Features:

Famartin

### Fall Color

Opposite, 3-6 inch long leaves, star shaped with five lobes. Showy colors in the fall.

Dave Pape

### Sweet Sap

Sap is harvested in late winter to make maple syrup; it takes 40 gallons of sap to make one gallon of syrup!

PutneyPics

### Visitors to Explore

Hosts caterpillars of many moths and butterflies. Also crucial for early pollinators. Supports birds like this rose-breasted grosbeak.
