

# Chinook Salmon

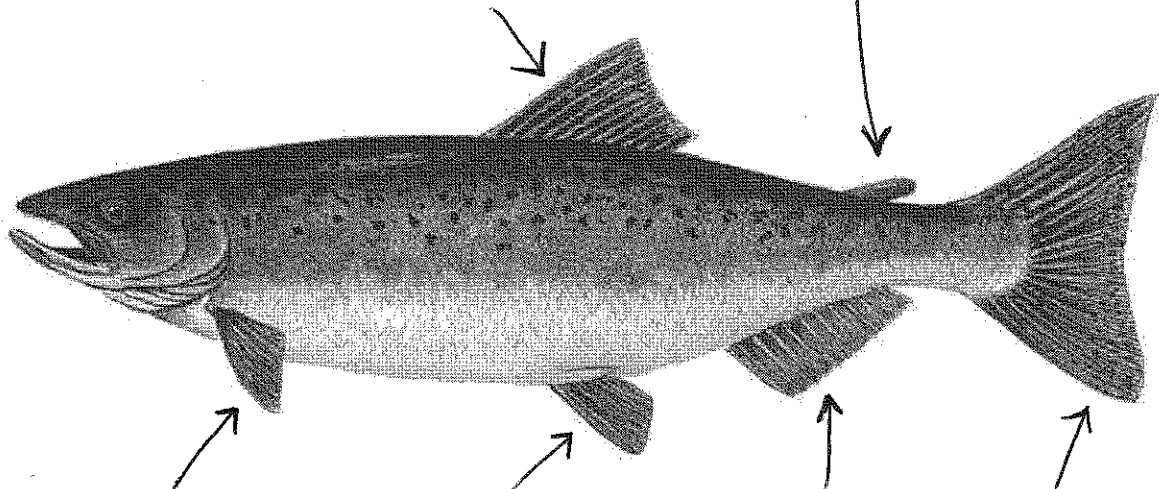

## FIN FUNCTIONS

### Dorsal Fin

Used for balance;  
Keep fish from  
rolling over & over  
when moving

### Adipose Fin (or "family crest")

Unknown purpose  
Only found on salmonid family

### Pectoral Fin

### Pelvic Fin

Help it move up and down in the river  
Act as brakes to help fish slow down or stop

### Anal Fin

Used for balance;  
Keep fish from  
rolling over & over  
when moving

### Caudal Fin

Turns the fish  
right or left;  
propels it  
forward
