

Rock Cycle Song

(Sing to the tune of "Row, Row, Row Your Boat")

SEDIMENTARY rock

Has been formed in **layers**

Often found near water sources

With fossils from decayers

Then there's **IGNEOUS** rock

Here since Earth was born

Molten Lava, cooled and hardened

That's how it is formed

These two types of rocks

Can also be transformed

With **pressure, heat and chemicals**

METAMORPHIC they'll become.

(Don't forget to sing this as a "Round"; after all, it is the Rock "Cycle"!)
